## FELINE ELIMINATION PROBLEM QUESTIONNAIRE (please proceed to next section if your cat does not have an elimination problem)

Does your cat defecate outside the litterbox? Y/N If yes, how often does your cat defecate outside the litterbox? (circle one) a) Few times a month b) Few times a week c) Daily d) Multiple times daily When is the cat most likely to defecate outside the litterbox? What percentage of stools are outside the litterbox? Where, other than the litterbox, does your cat defecate? List room(s) and type of surface(s): Does your cat urinate outside the litterbox? Y/N If yes, is there a preference for urinating on (circle one) b) Horizontal surfaces, e.g., floors a) Upright surfaces, e.g., walls c) Both upright and horizontal How often does your cat urinate outside the litterbox? (circle one) a) Few times a month b) Few times a week d) Multiple times daily c) Daily When is your cat most likely to urinate outside the litterbox? What percentage of urination is outside the litterbox? Where, other than the litterbox, does your cat urinate? List room(s) and type of surface(s): Have you ever observed the cat soil outside the litterbox? If yes, what did you do? Does your cat continue to soil outside the box while you are observing? Does your cat ever use its litterbox while you are observing? Can you think of any pattern (seasons, days of the week) to the problem? Was your pet ever completely 'housetrained'? Y/N If yes, at what age was the cat fully trained? What age was your pet when this problem started? Describe the first incident: Were there any changes in the household when the problem began? Were there any changes associated with the litter or litterbox when the problem began? What do you think caused the problem? What has been done so far to try and correct the problem?

What was the cat's response?			
List any techniques that have been at all successful:			
List any techniques that have made the problem warse.			
List any techniques that have made the problem worse:			
Is there a particular type of litter or surface your cat seems to	o prefer?		
Are there any surfaces where your cat will not soil?			
Have you tried other types of litter? Y/N	Have y	you ever used litter with a deodorant? Y/N	
If yes, describe litter and cat's reaction to each litter type:			
	_		
Is there a particular type of litterbox your cat seems to prefer	r? 		
Have you tried other types of litterbox? Y/N			
If yes, describe boxes and cat's reaction:			
Is there a particular location your cat seems to prefer for elin	nination?		
Is there a room or location in your house where your cat doe		you tried other litter locations? Y/N	
If yes, describe locations and cat's reaction:			
Do changes (moving, new furniture, vacations) dramatically affect your cat?			
List any drugs tried so far, and the cat's response to medication:			
List and modified and leave and the street that your ast has had			
List any medical problems and treatment that your cat has had:			
Does any straining or pain accompany urination? Y/N	Or defecation? Y/N	Any blood in the urine or stools? Y/N	
Is stool consistency normal? Y/N If no, describe:	<u>I</u>		
Any increase in frequency:	Urine Y/N	Stools Y/N	
Describe:	1	,	
Any increase in drinking? Y/N	Is there an increase in appe	etite? Y/N	
How often per day does your cat pass urine?		Stools?	

## **FELINE SKIN DISORDERS**

Please answer the following questions if your cat has a problem with overgrooming, behaviorally induced hair loss (psychogenic alopecia), rippling skin (hyperesthesia), or self-traumatic behaviors

Describe the problem:
When did the problem first begin? (cat's age, time of year, etc.)
Were there any changes in the household, which may have occurred just before the problem began?
Were there any changes in the cat's health or any other physical or behavioral changes when the problem began?
Has the severity, frequency, pattern, or type of hair loss changed since the problem first arose? Y/N
If yes, describe:
ii yes, describe.
Is there a particular event that is most likely to cause or aggravate the problem?
Is there a particular time of month or year that the problem gets worse or begins to improve?
Is the behavior more likely to occur when you are (circle one):
a) at home out of the room b) at home in the room c) away from home d) no difference
What has been done so far to try and correct the problem?
What was the cat's response?
List any techniques that have been at all successful:
List any techniques that have made the problem worse:
List any drugs tried so far, and the cat's response to medication:
Do any pets in your household go outdoors? Y/N If yes, which ones?
Do any other pets in the household have any skin problems? Y/N If yes, describe:
Have any other family members or friends developed skin problems? Y/N If yes, describe:

## PRINCIPAL COMPLAINT (it is not necessary to duplicate previous answers for elimination or skin disorders) What is the primary problem? (aggressive, destructive, housesoiling, tail chasing, etc.) How would you describe the severity of this problem? (circle one) a) Mild b) Moderate c) Severe Have you considered euthanasia? Y/N Comment: When did the problem begin? What age was your pet when this problem started? Describe the problem, beginning with the most recent incident: Describe the first incident: What do you think caused the problem? Describe any changes in the home or the pet's health when the problem first started: How often does the problem occur? Has there been a recent change in frequency or severity? Y/N If yes, describe: What has been done so far to try and correct the problem? What has been the cat's response? List any techniques that have been at all successful: List any techniques that have made the problem worse: List any drugs (include dosage, frequency, when started, when stopped), dietary treatments, supplements, or remedies tried so far, and your cat's response to medication:

AGGRESSION		
Is your cat aggressive toward a) family members?   b) other people?   c) other cats?   d) other animals?		
Describe:		
What do you do when your eat displays aggression?		
What do you do when your cat displays aggression?		
What is the cat's response?		
FEAR		
Is your cat fearful? Y/N If yes, would you describe the fear as (circle one): a) mild b) moderate c) severe?		
Describe any situations where your cat is shy, timid, or fearful:		
Describe your cat's reaction (retreat, freeze, aggressive, etc.):		
FOR EACH CATEGORY CIRCLE THE ANSWER THAT BEST APPLIES		
Sleep: a) normal b) excessive c) decreased d) restless/wakes at night		
Describe problems:		
Eating: a) normal b) overeats c) voracious d) picky e) undereats		
Describe problems:		
Urine: a) normal b) increased amount c) increased frequency d) decreased		
Describe problems:		
Stools: a) normal b) increased amount c) increased frequency d) decreased e) soft f) hard/dry		
Describe problems:		
Activity: a) normal b) overactive – daytime c) overactive – night-time d) decreased e) repetitive (stereotypic)		
Describe problems:		
Interaction with owners:  a) affectionate b) little/minimal affection c) overly affectionate/demanding		
Describe problems:
